# About INDRELAND ANGUS

*Our mission is to provide genetics and services that help cattle producers attain more freedom and profitability in their business and life.*

Indreland Angus originated in 1977. That makes forty-one years in the registered Angus business. Our production philosophy is that cows must consistently excel at converting our basic grass resource to beef. Practicing this philosophy has refined our cowherd into trouble free and productive cattle. We do not select for any extremes in performance but demand functionality in our cattle. We do practice line breeding and strive to produce as many  $\frac{1}{2}$  and  $\frac{3}{4}$  blood calves as possible. All the bulls have been DNA tested to identify the sire.

We have included individual cow weight data for your information. This fall, our cows' average weights were as follows:

2 yr. olds: 841

3 yr. olds: 973

4 yr. olds and older: 1170

With well over 250 head of steers and heifers harvested through our branded beef business, 76% have graded choice or better on a diet of long hay and whole corn or forage only with the following averages: Hot Carcass Weight: 649 Backfat: .37 Ribeye Area: 10.5 Yield Grade: 2.97 This reflects a live weight of about 1100 lbs., which is very close to our average mature cow herd weight. We have confidence in what our genetics will do on the rail.

We are adding to our selection pressure by only selling bulls that were born unassisted in the first cycle of calving. As always, the bulls have been on forage only since weaning with protein blocks and bull challenger provided when forage quality was low. These bulls have never had their feet trimmed. Our objective with this bull development program is: "What you see is what you get." These bulls should maintain themselves and keep gaining at your place until they mature. You can be confident that these bulls will get the job done and not need much maintenance.

The bulls with the 5ASH prefix are owned by 5ash Cattle Company. These bulls and their dams are run with our cowherd and have met all our protocols.

You may view the bulls online at [www.indrelandranch.com](http://www.indrelandranch.com). It seems like we are very good at having our sale on cold, blizzardy days! I guess it is December! To try and give people other options rather than traveling on a busy day, we will be having an open house to view the bulls starting Saturday, December 1 through Monday, December 3. The sale will be an on-line sale, without a live auctioneer. At 1 p.m. on the 3rd, the lots will start closing in order. Each lot will be given a minimum of 30 seconds and will continue until there is no competitive bidding.

There will be several options to bid:

- You can come to the ranch on December 3rd, look at the bulls in the morning, have lunch and bid on site. People will be available to submit your bids online for you. This will be very similar to a regular auction, just a bit lower key.
- You can bid online as the lots close starting at 1 p.m. on December 3rd.
- You can come look at the bulls anytime December 1 -3. You can then place a proxy bid on line, indicating the maximum you would pay for the bull. No person will know what that amount is. Then when that lot comes up, if there is competitive bidding, it will automatically bid for you up to that amount.

For example: You want to bid on 3 bulls but can't be at a computer or your internet service is marginal. You can place a proxy bid ahead of time on those 3 bulls. No one knows how much your proxy bid is. If your proxy bid is \$4000 and the starting price is \$3000 with no online or on-site bids, you will buy the bull for \$3000. If there are online or on-site bids, the system will bid on your behalf up to (but no more than) your proxy bid.

This is a secure and convenient method to buy your bulls. If your internet is marginal, proxy bidding is an easy way around that. Please consider coming to look at the bulls anytime, go home, register/log in and place your bids if you choose. Thank you!

*Welcome to Indreland Angus,*

Thanks for taking the time to look through our catalog. A lot of information is being published these days about how grazing animals can have a positive influence on soil health, and regenerating of organic matter in the soil for water holding capacity. We are using these practices and our genetics fit the purpose well. We think this is a great opportunity for people to focus on some of the things that they can influence. I am talking about the genetics that you put into your cowherd. Looking to the future it appears to me that cattle that require lots of iron, fuel and labor to support their maintenance will find themselves at a disadvantage. Seek out and buy cattle that will pass on some of the cost saving traits into their progeny, things like longevity, fertility, do-ability and \$EN. These are the things that are built into and doubled up in Indreland cattle through years of pressure and selection. It is for these reasons that we are proud of our cattle and what they can bring to the table for us and our customers, now and into the future.

Again, welcome and thank you for your interest. Please call, e-mail or stop in anytime.

All the best,  
The Indreland Family

**This sale is not a standard format, both proxy bidding before the sale date, and live bidding will be available, but there will be no auctioneer.**

**This sale will be broadcast live over the internet via Frontier Live Sale. The sale will begin with the ability to place proxy bids now through December 3rd. On December 3rd at 1:00 p.m., we will go through the lots in catalog order, on-site and online bidders will have the opportunity to place bids, when the bidding ceases, the lot will be sold to the high bidder. Proxy bids will directly compete with on-site, and online bidders. Duration will be a minimum of 30 seconds per lot.**

**To place bids, you must PRE-REGISTER, go to the Indreland Angus Ranch Sale page at [www.frontierlivesale.com](http://www.frontierlivesale.com) and click "Register/Login to Sale". You must have an account with Frontier Live sale, and you must then register for this auction. Registrations do not carry over from sale to sale.**

**For those who wish to simply view the sale without registering, login with your Facebook, or Google account. If you don't have a Facebook or Google account, a guest login will be provided.**

**Instructions for watching the sale can be found at [www.frontierlivesale.com](http://www.frontierlivesale.com)**

**We encourage you to register early to avoid any problems and make sure you are set up to view the sale. Visit [www.frontierlivesale.com](http://www.frontierlivesale.com) for all the details!**

*Selling*  
60+ - Eighteen month old Bulls  
**INDRELAND ANGUS**  
**ANNUAL BULL SALE**

**MONDAY DECEMBER 3, 2018**

ON-LINE OR AT THE RANCH + BIG TIMBER, MONTANA

*Lunch 12:00 p.m. • Sale 1:00 p.m.  
at the Ranch in Big Timber, Montana*

*Visit our website!*

Scott Fraser 406-860-6548 Frontier Productions  
Sam Fraser 406-860-0590 Frontier Productions  
Kurt Kangus 406-366-4190 American Angus Association

**BULL PREVIEW:** December 1 - 3, lunch will be available all three days.

**ON-LINE SALE:**

December 3, 1:00 p.m. (MST) Lots start closing in catalog order.

**LOCATION:**

Indreland Ranch - 12 1/4 miles north of Big Timber on Hwy 191 N, then east on Glasston Road for 1.7 miles

**ANNOUNCEMENTS:**

Announcements made sale day take precedence over any printed materials.

**VOLUME DISCOUNT:**

Volume discounts will be given on 2 or more bulls. 2% for 2 bulls, 3% for 3 bulls, etc. up to 5%.

**DELIVERY:**

Bulls will be delivered by the end of December. Free delivery in Montana. Out of state deliveries at cost. Your cooperation in taking delivery is greatly appreciated.

**WINTERING:**

Arrangements can be made to keep bulls past December 31 at \$3 per head per day.

**GUARANTEE:**

Bulls are fully guaranteed. If for any reason you are unhappy, we request the opportunity to solve the problem. Replacement bulls of like quality will be provided at no charge in the case of a dead or injured bull that is unable to finish the first breeding season. Credit can also be given.

**RETAINED INTEREST:**

We are retaining 1/3 revenue sharing interest on all sales of semen of each bull listed in this catalog unless otherwise noted. Possession and all other interests, including salvage value, belong to the owner.

**ON-LINE SALE FORMAT:**

To try and give people other options rather than traveling on a busy day, we will be having an open house to view the bulls starting Saturday, December 1st through Monday, December 3rd. The sale will be an on-line sale, without a live auctioneer. At 1 p.m. on the 3rd, the lots will start closing in order. Each lot will be given a minimum of 30 seconds and will continue until there is no competitive bidding.

There will be several options to bid:

- You can come to the ranch on December 3rd, look at the bulls in the morning, have lunch and bid on site. People will be available to submit your bids online for you. This will be very similar to a regular auction, just a bit lower key.
- You can come look at the bulls anytime December 1 - 3. You can then place a proxy bid on line, indicating the maximum you would pay for the bull. We, or anyone else, will not know what that number is. Then when that lot comes up, if there is competitive bidding, it will automatically bid for you up to that amount.
- You can bid online as the lots close starting at 1 p.m. on December 3rd.  
NOTE: If your internet connection is marginal, please call ahead of sale time so we can try to help or make arrangements to be on a phone line.
- You can call any of the above representatives and they will get your bids placed for you.

## **HERD HEALTH INFO:**

We take our herd health very seriously. Katie Rein, DVM, has guided us through our herd health protocol and developed our biosecurity measures.

# **Crazy Mountain Veterinary Services**

**Box 305  
Harlowton, MT 59036**

**4041 Hwy 12 West  
White Sulphur Springs, MT 59645**

**109 Elliot Street  
Wilsall, MT 59086**

Roger and Betsy Indreland continually strive to develop a cow herd adapted to range conditions with minimal inputs. At the same time, they work to improve range and soil conditions.

Their cattle are bred for survivability and it shows in their calf health. They vaccinate their calves at branding with Ultrabac 7 Somubac, Inforce 3 and Bovishield Gold One Shot. Then in the fall they get a booster of Ultrabac 7 somubac post weaning. They stay very healthy on this protocol.

As lifelong learners, they are not afraid to think outside the box or try a novel idea. One new procedure is to foot score the bulls during their Breeding Soundness Examinations using the American Angus Association guidelines. At this time, all the bulls are vaccinated with Bovishield Gold FP5 and Reprostar VL5 HB. Since the breeding soundness examinations are done at the end of September, we encourage ranchers to recheck their bulls prior to turn out.

Indreland Angus Ranch leased out a few bulls for the 2018 breeding season that will be offered for sale at their 2019 sale. These bulls were quarantined for 30 days after returning to their ranch. Additionally, all these bulls tested negative for trichomoniasis, brucellosis, anaplasmosis and bovine leukosis virus. If you have any questions about these bulls, please contact me at 406-350-0342.

I envision Indreland Angus Ranch will keep discovering new ways to put selective pressure on their herd to create hardy progeny with sound structure. This can only benefit bull buyers in the long run.

Katie Rein, DVM

## What is \$EN?

The American Angus Association's definition of \$EN (cow energy value) is "expressed in dollar savings per cow per year, assesses differences in cow energy requirements as an expected dollar savings difference in daughters of sires. A larger value is more favorable when comparing two animals (more dollars saved on feed energy expenses). Components for computing the cow \$EN savings difference include lactation energy requirements and energy costs associated with differences in mature cow size."

## Indreland Angus \$EN

According to the Fall 2018 Sire Evaluation Report, the average for \$EN in the Angus breed for non-parent bulls is -6.39. Our average \$EN for our registered sale bulls is +18.69. With the rising cost of feed, we think the \$EN number should really be evaluated and in our opinion, is the first step to low input production.

*Indreland EXT 3653 purchased by Dietz Family Angus at our 2014 Sale*

## Board of Advisors

We have recognized that we sometimes get stuck in a rut with our operations. With this in mind we are excited to announce that we have identified and formalized agreements with the following people to serve as our Board of Advisors:

Katie Rein, DVM – Crazy Mountain Veterinary Services, Harlowton, MT

Dallas Mount – Ranching for Profit, Wheatland, WY

Nicole Masters – Director, Integrity Soils, NZ

Burke Teichert – Strategic planning consultant, Orem, UT

*"We've bought over 70 bulls from Indreland's since 1997. They have improved our cow herd in maternal, fertility, longevity, fleshing ability and hardiness. We've never had problems with soundness, we've never trimmed a foot on any bull. They winter out on grass and come in in the spring fleshy and fertile. It is not uncommon to use a bull for 8-10 years. The Indreland's are great to work with, they know our cow herd and strive to improve it."*

- Sargent Ranch, Shawmut, MT
