Behind the scenes at Redland Red Angus

Redland Red Angus is a family operation but yet it all couldn't come together without the help of a very talented crew. With an irrigated farm operation and native grazing for the cows, the outfit couldn't operate as successfully as it does without our crew:

Chad and Erin Fink

Chad and Erin can be found riding pastures, calving, feeding and fence and well maintenance. They are instrumental in spotting fires throughout the summer and are a large part of the Hysham Volunteer Fire Dept. They

keep an eye on all that happens on the range in the Hysham Hills and are always lending a hand in the feedlot as well.

They have two big helpers!

Reagan is 9 and can be seen riding side by side, gathering with her folks. Hazen is 2 years old and enjoys all the animals while awaiting his time in the saddle!

Larry and Vicky Fink

Our sale office could not run without the efficient manner of Larry and Vicky.

Matt Lane

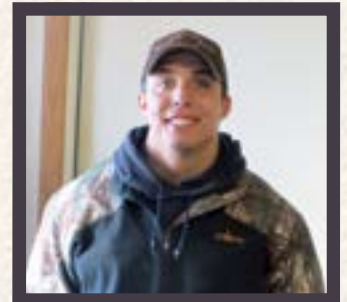

This is the ninth year that Matt Lane has ultrasounded the bulls. We feel it is an important part of our operation and we value the information he provides. Carcass is an important part of the industry and we have been breeding for it since the 90's.

Treasure Vet Service

Dr. Dick, Dr. Rachel, and Dr. Jessica are just a phone call away for us. They fertility test the bulls as well as provide us with answers to any and all health questions.

Jacob Molina

Jacob enjoys the diversity and challenge of farming and ranching. You can find him farming, feeding, irrigating, mechanicing, as well as all the different aspects of the cow work.

Ward Fenton

Ward has been a long time friend of the family. He has been to many of the sales and would be happy to assist you in any sight unseen purchases. Give him a call at (406) 967-2850 (home) or (406) 698-6183 (cell).

Dick and Clark Pinkerton

Brand Inspectors Clark and Dick are invaluable in getting us the paper work to get the cattle on the road.

Fertility:

Bulls are semen and fertility tested. Scrotal measurements will be available sale day.

Ultrasound:

Bulls have been carcass ultrasound tested. Results will be available sale day.

Guarantee:

Every animal in this sale is, to the best of our knowledge, free of any disease or defect. Any known defects will be called at sale time. All bulls in the sale are guaranteed to be breeders if not allowed to run with the herd until at least 14 months of age, and if not subjected to gross negligence by the purchaser.

Terms & Conditions:

Terms of the sale are cash. Every animal will be sold to the highest bidder with the auctioneer settling disputes as to bids. Announced changes in the catalog information on sale day take precedence over printed material in this catalog. All cattle are the buyer's property as soon as sold and will be cared for, for a reasonable length of time, at the buyer's risk. Any person attending the sale does so at his own risk. Neither the sale management, owners, nor any person connected with this sale assumes any liability, legal or otherwise.

Registration and Transfer:

Registration certificates will be transferred to the buyer upon his request, at the seller's expense. Buyers must give the settlement clerk complete name and address information for making transfers.

Delivery:

Free delivery to central points in adjoining states on registered cattle. Bring your trailer on sale day and get \$50 off per bull.

Hotel Accommodations:

Howard Johnson, Billings, MT 1-844-228-3971
Rails Inn, Forsyth, MT 1-406-346-2242

Explanation of Marbling Scores

The marbling scores on these bulls were obtained using an ultrasonic method developed by Kansas State University. The estimate combines visual evaluators of the ultrasound image with objective computer analysis of the readings. The process allows for multiple estimates chute-side until repeatability and correspondence of the eye and computer are obtained. The procedure has been validated with thousands of animals and represents years of intensive research to improve and establish accuracy. The values are numerical codes that represent the estimates of carcass marbling if the animals had been slaughtered immediately after evaluation. The scale is as follows:

3.0 - 3.9 = Traces Marbling	A	USDA Standard
4.0 - 4.9 = Slight Marbling	AA	USDA Select
5.0+ = Small Amount	AAA	USDA Choice

Bulls will register at least a full degree less marbling and 30% less Backfat thickness than steers of the same age and feeding history. Also, when comparing scores among different herds, feeding intensity and age will affect the marbling score readings. Appropriate adjustment equations have not been developed. Consequently, the technology should be used to rank bulls within a herd rather than to compare animals across herds.

Marbling scores on bulls have ranged from below 3.0 to nearly 6.0. The average has been about 3.9. That leaves the impression that bulls above 5.0 (AAA) are exceptional, those with scores above 4.5 (AA+) are excellent, the range 4.0 to 4.5 (AA) constitutes satisfactory scores, and scores below 3.6 are poor for the marbling trait. Considering that values on bulls are below steers, an animal that scores 4.0 and higher would be expected to produce calves that have potential to grade AAA (Choice). Bulls with marbling estimates exceeding 4.8 have been found to have the ability to sire calves with the potential to meet Certified Angus Beef (CAB) or Supreme Angus Beef Speculations (Average AAA (Choice) or higher).

Tradesman is a bull that we bought from K2 Red Angus of Wheatland, WY. He is a long bodied, deep sided bull that definitely passed that on to his offspring. Most of his sons in the sale are out of later calving cows. He really bred them for us and the calves have grown very well.

Red Redemption is a dark red bull that is very nicely balanced and easy to look at that we raised ourselves. We have been using him on the heifers for easy calving with a low birth weight while still growing well. Redemption posts some pretty impressive stats: top 9% for Grid Master EPD and the top 6% for Marbling. His yearling carcass data was pretty impressive as well. He was the 2nd highest marbling bull of his contemporaries with a 5.6 IMF and a 114 ratio. He also had 12.4 REA with a 111 ratio, and a BF of .25 and a ratio of 81. Semen available.

The next two lots are consigned by Chance Eaton. Chance was one of our first NILE Merit Heifer Recipients and has done really well with his heifer! This is what the whole program is about, helping youth get a start in the cattle business. I think that you will find that these two bulls won't disappoint they are stylish and thick in appearance and excel on paper. Take a look sale day!

**As always, we guarantee
any sight unseen
purchases and will assist
you in any way we can.**

The cattle will be at our feedlot & test facility 10 miles west of Hysham until February 28th and at our sale barn at Exit #63 on I-94 March 1st-3rd. They are available to view at any time.

Dear Friends,

Welcome to our annual spring sale! We are excited to see what the coming year has to offer. We think that is what makes us enjoy the farming/ranching lifestyle, you are always looking toward the future! In our neck of the woods we managed to survive one of the roughest winters we can remember. Everyone was comparing it to the winter of '78-'79! But on the bright side all that snow brought us good moisture and much appreciated summer grass. The calves weaned off well and are seeming to fit their stride in the feedlot.

Red Angus is still one of the most sought after breeds in the industry. With these Red Angus females in high demand across the country, we feel the best place to start is with... Red Angus bulls! With that said we feel we have accomplished that with this set of sound, efficient, good carcass, nice dispositioned bulls.

This is a nice, sound set of bulls we have selected for you! We have changed the catalog up a bit, to aid you in your bull selection. The HB (herd builder) and GM (grid master) EPD are indexes that were implemented to maximize profitability. There is something for everyone, as we are offering calving ease, growth, and a few Gelbvieh/Balancer bulls. As in years past we are feeding the bulls to optimize their feet and legs to provide a more work ready set of bulls. They are growing out well and will be ready to go to work for you. We will feed the bulls until April 1st, but if you take them with you the day of the sale we will give \$50 off per bull. In addition the scrotal circumferences and carcass information will be available sale day.

We are happy to say that Frontier Stockyards will again be providing video, phone, and internet bidding sale day. The videos will be available through our website or on www.frontierlivesale.com. As with the previous years we will be running the videos during the sale.

We always look forward to hearing from you, and will try to help in anyway. We would also love to hear how our animals are performing for you whether it is good or bad. Remember our gate is always open so stop in anytime to view the cattle, visit, or just have a cup of coffee and a bite to eat. Meeting and visiting with all the people is one of the things that we enjoy best about being in the cattle business.

Last but not least we would like to thank everyone for their support! Without our loyal customers we couldn't do the thing that we love! We really appreciate your interest in our program. Have safe travels and we hope to see you on the 2nd.

From all of us at Redland Red Angus
Shirley, Bob and Cathy, Chad, Jenny, Elizabeth, and Joseph
Al, Ruth, Marc, and Ali.

**We would like to thank all our loyal customers and the people who have supported our program!!! With out you we couldn't do what we do.
Good luck in the coming year!**

Mark your calendars for our next sale March 7, 2020!!!
